## Expandable Frame

This unique frame design allows for scalability and integration of a wide range of top configurations. This is specifically beneficial for adapting to the numbers of users or when presented with more challenging spaces

## Leg Options

The Column's legs can be specified to almost any width and height. This is one of the advantages of the unique Column system.

We also stock 140mm dia options as a ready to go solution.

## ACCESSORIES - TRAX CABLE MANAGEMENT SYSTEM

80% post-consumer recycled PET felt tray creates a perfect carrier for user introduced fly leads and cables, whereas the top tier cable way is dedicated for data leads.

The punch out allows for a seamless cable pass at each end of assembly. The services module can be secured in any position along the length of the TRAX, maximising usability.

Power and data points are equally easily accessible from above or under the desk top. Stocked options are pre-configured to CMS 4 GPO with an option of additional USB fast charge module and up to 2 DATA allowance.
