PRODUCT OVERVIEW

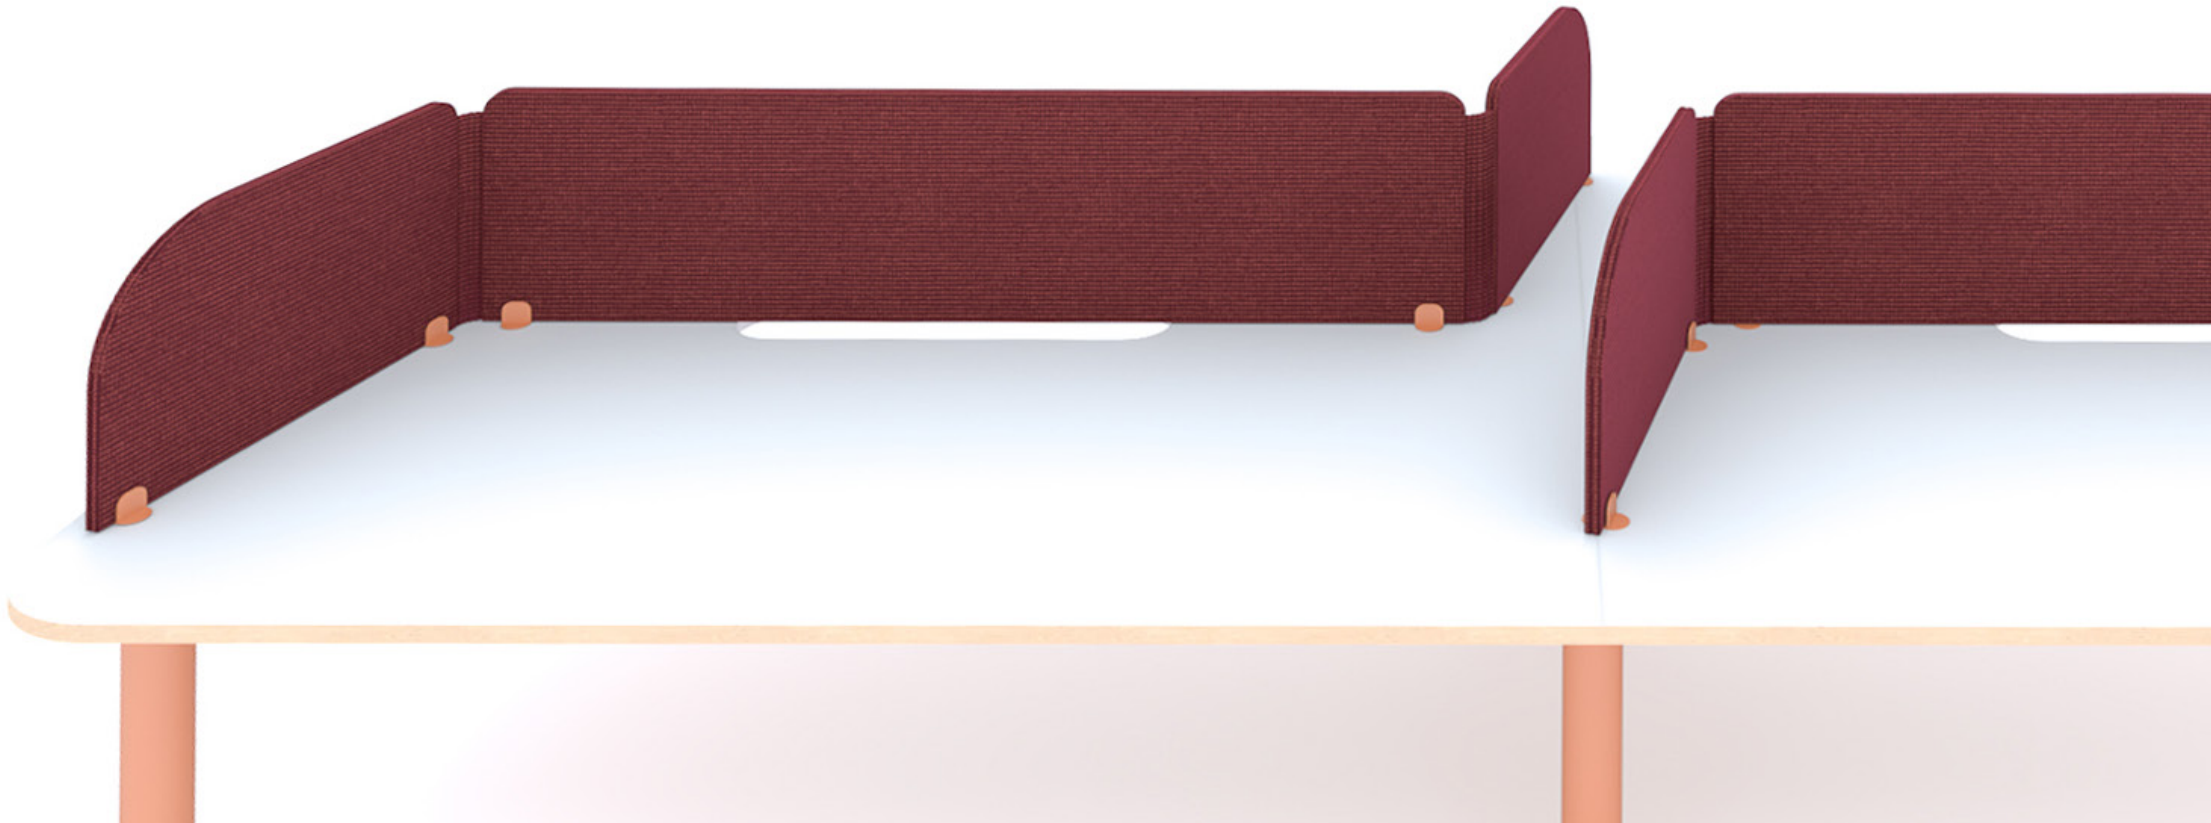

Introvert is the new kid on the block. These mobile flexi screens are a truly clever design and a dream for interior designers seeking function and flexibility with workspaces which require the ability to adapt to change.

Made with MDF panels which are wrapped in a specified fabric and are joined by accordion quilted hinges. The screen can be shaped in a desired configuration or put away when not in use.

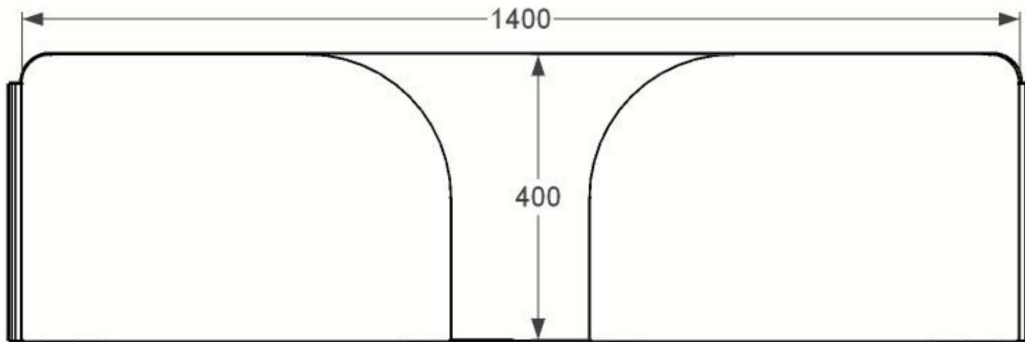

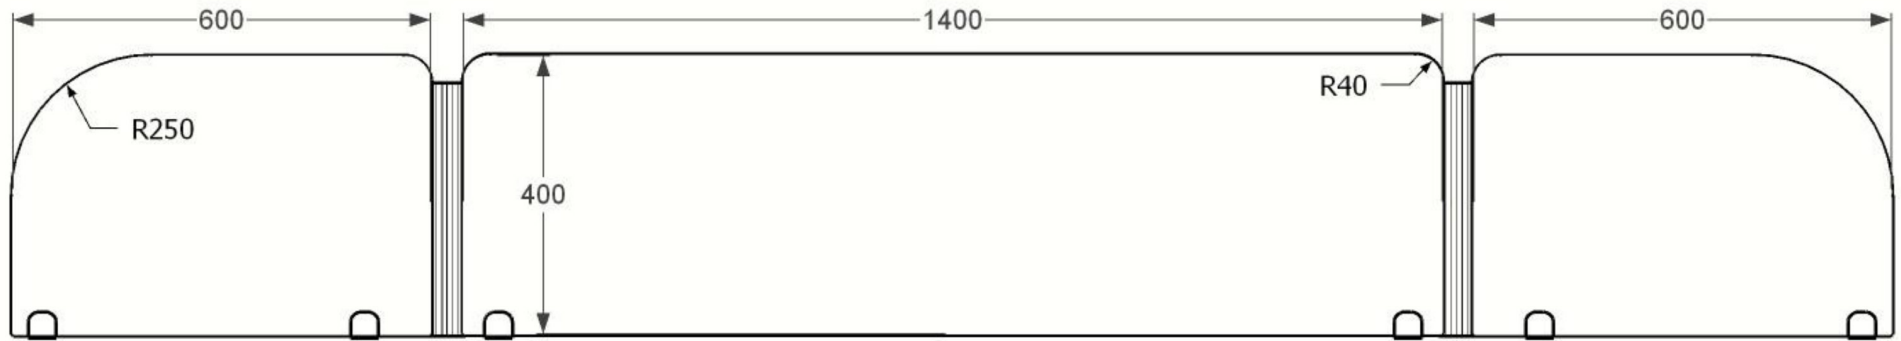

This is a perfect no commitment workstation screen solution, as there are no permanent fixings, and is a versatile privacy solution for open plan offices.

Lead time: 2 -4 weeks
