**coffee table & bench**

### **swan family**

An elegant family of statement pieces. The retro style, geometric shapes that make up this furniture range have character and flair.

## tower family

A simple upholstered meeting room chair, available in a range of styles and colours. The timber leg is perfect for break-out and casual cafeteria style layouts, while the castor base with built in notepad-rest, is ideal for meeting rooms and collaborative workspaces.

## chairs

## stool

## filament lounges

A smart and sophisticated lounge available in a one and two seater. The contemporary upholstery adds a modern touch to a reception or waiting room.

TOWER bar stool

SWAN lounge

### **nors table**

The soft edges of this table and satin finish, are modern and sleek. Switch the legs for a light timber for a modern touch.

### **ivan bookshelf**

Not your average bookshelf! This multi-purpose shelf is not only for books but handbags, coats and hats! Great for common spaces.

### **nors bench**

These fun ottoman's have a hollow center for smart storage. Store all your books and magazines, for when you need to "put your feet up".

## mind lounges

A classic addition for your office space. The bold executive lounge is available in a one or two seater. Classy for a professional meeting room or office.

## UFO family

A fun family of meeting and break-out room chairs. A range of beautifully soft fabrics and leather are used to manufacture quality furniture.
