ERGONOMIC  
ADJUSTABLE

# PYLON

Pylon is included in our family of contemporary style workstation and desking systems. With its minimalist A-frame design Pylon is a contrast to the more traditional systems available. Promoting function and flexibility, Pylon has cleverly concealed within the sleeve of the frame an internal leg for height adjustment. Easy to install and reconfigured, the Pylon can seamlessly integrate into any modernised workplace. Achieving good ergonomics is one of the basic requirements to a good workstation system.

## WORKTOP

Multiple layout options are easy with Pylon, mix and match worktop surfaces to create any configuration. We offer a variety of work top sizes and finishes from laminates to timber. Our laminates are hard wearing and resistant to UV light and staining by liquids. The edging is a heat bonded and scratch resistant, available in many colours. The substrate of our worktops is manufactured from renewable plantation forests.

## PERSONAL STORAGE

Personal storage units are available in many shapes and sizes from mobiles, caddies and open shelf units. Choose between a key lock or combination lock system. All personal storage units are available in matching or contrasting colours.

## ACCESSORIES

To compliment Pylon our range of storage, screens, desk accessories, monitor arms, shelving and meeting tables are available to complete the look

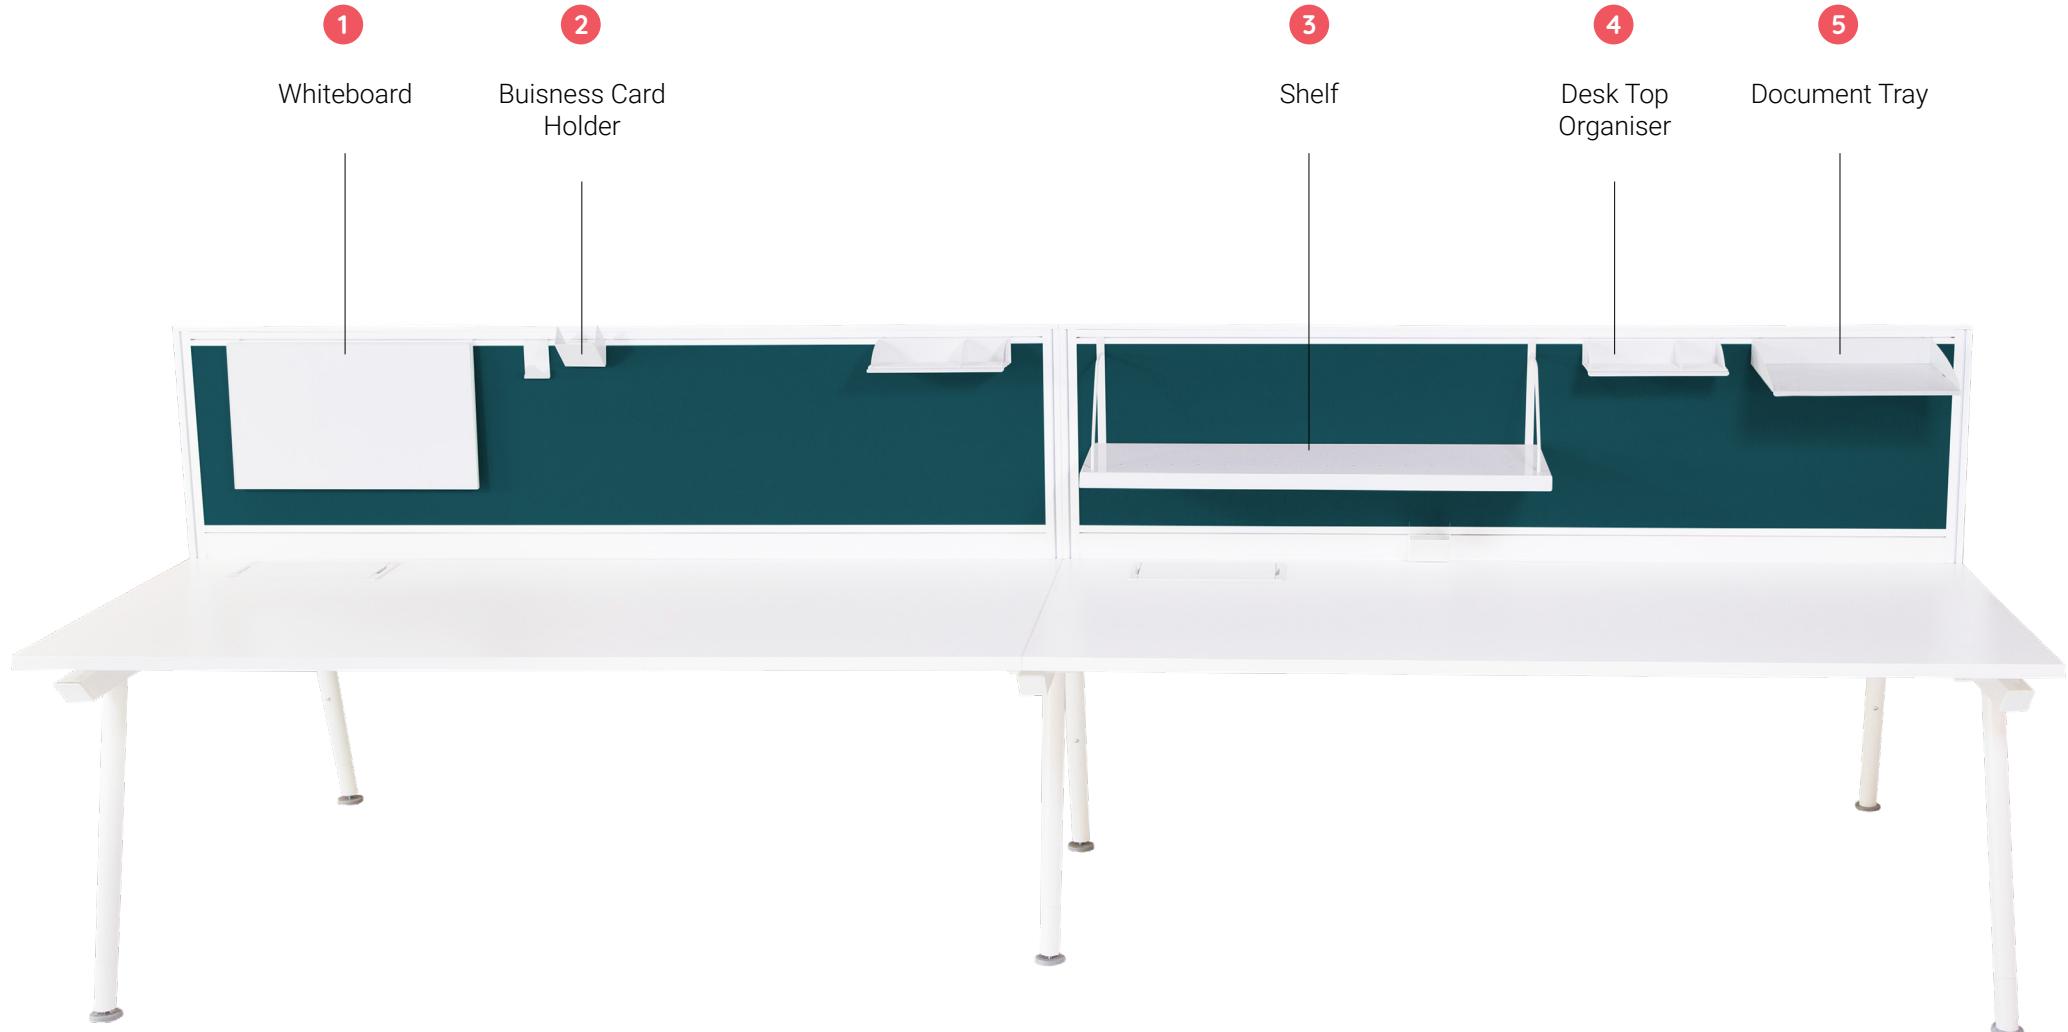

## FRAME

Manufactured using high quality steel, Pylon is built to last. Our modesty panels are a steel mesh, with a powder coated finish and available in standard colours. Beneath the worktop is a cable management system that can accommodate all power and data requirements.

## LEG VARIETIES

**Technical Height Adjustment**  
Creating the right fit for the end user is easy; simply adjust with a technical key. Unlock and extend to set at the correct height for overall comfort.

Pylon 4pod Configuration Option
